

Anthem Blue Cross looks forward to the opportunity to serve the millions of Californians who will purchase health insurance through Covered California. We have partnered with a range of doctors and hospitals including AltaMed, a health system with a long history of delivering quality care to underserved Southern California communities; the University of California Health, whose academic medical centers provide cutting-edge specialized care along with research and education; and an extensive network of Accountable Care Organizations to help us join Covered California in improving the health of all Californians by ensuring access to affordable and high quality care. We realize our state’s health system will change over the next few years, and Anthem is committed to working with Covered California to improve health care quality, lower costs and reduce health disparities.
