

Today's selection of the Covered California health insurance plans is a great step forward as Covered California moves to close the health insurance gap for millions of Californians. Health Net helped pioneer the affordable and effective HMO model in California for employer-sponsored coverage, and we are excited to extend our value-based, tailored network of products to individuals. These products will feature high-quality medical groups, physicians and hospitals operating in an integrated, coordinated effort to deliver quality care that consumers will find affordable, personal, simple and local.
