

Molina Healthcare was built on the idea of providing access to quality health care for all. As such, we are proud to be a partner with Covered California to do just that for the 5.3 million uninsured Californians who will now have access to health insurance. For the past 33 years, we have focused on health care programs for low-income families and individuals. Now, we will work with Covered California to provide quality care for the newly insured. Our goal will be to provide seamless coordination of coverage so members maintain continuity of care and experience minimal disruption in medical services as their health insurance needs change through all the stages of their lives. Molina’s commitment to quality is unwavering. Molina — as part of our members’ extended family — is excited to be part of Covered California.
